O PROJEKTU

GigaBEEtan projekt za GigaBEEtne pčele

Mali koraci vode do velikih stvari. Upravo zato činimo pravu stvar i štitimo pčele jer one su zaista - gigaBEEtrne.

A close-up photograph of a dense cluster of bees on a honeycomb. The bees are dark brown with distinct yellow stripes. Below the cluster, their reflection is visible in a shiny surface. In the bottom right corner of the image, the text "Jer pčele su važne" is written in white.

A screenshot of the HRTV website's homepage. The main headline reads "Najkorisnije 'čudovište' na svijetu ima pet očiju" (The most useful 'monster' in the world has five eyes) with a sub-headline "Jer pčele su važne". Below the headline is a large image of many bees. To the right, there is a sidebar with the text "Jer pčele su važne." and several small images of bees and a jar of honey. At the bottom, there is a section titled "Pet moćnih mednih recepta" (Five powerful honey recipes) with an illustration of a jar of honey and some flowers.

**Svi suje o važnosti pčela!
Zagadenje zraka smanjuje stopu
opršavanja za čak 31%**
